

A complete **Visitor Management System**

FTPASS[®]

Enterprise System Software

About Us

FTPASS®

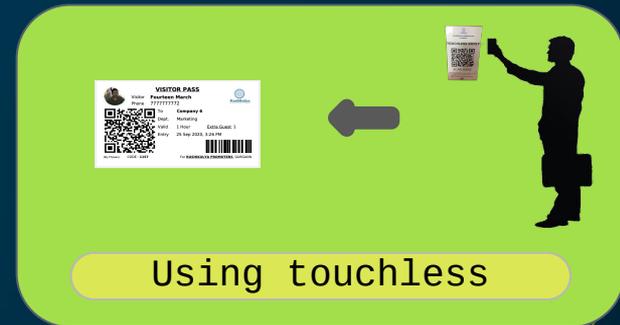

A **power-grade** and process optimization product which runs both on cloud-based platform or stand-alone server, an affordable, fully customizable, covid compliant - touchless along with realtime features that resides on a tablet-powered kiosk situated at entrance and provides more hassle-free and efficient access to the facility.

Successfully running in private and govt. Institutions, NGO, manufacturing industries, societies and hospitals, etc.

By **Facere Technologies Pvt Ltd** (Established in **2013**)
